The Board is headed by ten Commissioners, two from each borough representing both major political parties for a term of four years appointed by the New York City Council

Board of Elections The City of New York

Introduction

...A similar bipartisan arrangement of over 900 dedicated employees ensures that no one party controls the Board of Elections. The Board appoints an executive staff consisting of an Executive Director, Deputy Executive Director and other senior staff managers charged with the responsibility to oversee the operations of the Board on a daily basis. Together, the executive and support staffs provide a wide range of electoral services to residents in Manhattan, the Bronx, Brooklyn, Queens and Staten Island.

Using your Smartphone, download a FREE QR Reader. Once downloaded, open the application and click the QR code to discover the Board's website.

The Commissioners of Elections meet every Tuesday at the Executive Office, in addition to special hearings, and specific issue-oriented meetings (electronic voting, election legislation, labor management, rules and budget) during the calendar year.

2024 was a banner year for democracy in New York City! Voters showed up in droves to have their voices heard, casting ballots in record numbers for elections at the city, state, and federal levels. The common thread of all is that they were conducted freely and fairly. These principles, along with transparency, are at the heart of our democracy. In addition, our voting systems set an industry standard for safety and security which were on display for the world to see.

Last year, the Board implemented a full suite of voting methods with the expressed purpose of streamlining the voting process while alleviating and managing crowds in-person. We accomplished this by hosting voting at over 150 early voting polling sites, opening more than 1,200 election day polling locations, and establishing a seamless vote by mail/absentee program. Furthermore, our ADA compliant balloting options remain second to none, guaranteeing that all New Yorkers have their sacred right to vote protected.

As with many of our partners in government, the Board of Elections in the City of New York is confronted with continued challenges, such as adapting to fast-changing election laws, preferred methods of voting, and frequent enhancements to security.

The Board is always looking for ways to enhance our knowledge of election management. As such, 15 of our senior managers completed a multi-year course of study taught by the Auburn University's Master in Public Administration faculty, through the Institute of Election Administration Research & Practice, in partnership with the National Association of Election Officials. With the intent of professionalizing the management of elections administration, promoting, and preserving public trust in the democratic process. Upon completion in September 2024, these individuals achieved the designation of Certified Elections/Registration Administrator (CERA)—the highest professional achievement for election officials in the country. We are proud that our team is part of 1,600 certified election administrators nationwide and the first such in the State of New York.

We stand ready to deliver free and fair elections for all registered New York City voters in 2025, and to do so with the precision and pride. Thank you once again to all our dedicated public servants who help ensure this happens each year.

Mission Statement

The Board of Elections in the City of New York,

as provided under Section 3-200 of the New York State Election Law, has the responsibility:

1. To conduct fair and honest elections, from local to federal levels;
2. To enfranchise all eligible New Yorkers to register to vote and to practice those rights;
3. To conduct elections, certify the canvass and to retain the official records;
4. To conduct voter outreach and education.

Briefly stated, this means:

First, the preparation of the ballot for Primary, Special and General Elections to the extent that all vacancies for public office and party positions may be filled.

Second, that qualified voters may exercise their right to franchise and that every opportunity be given to voters to execute that right and to vote for whom they choose.

Third, that the votes of the electorate at Primary, Special and General Elections be properly canvassed and that a true count be given for each candidate voted for.

Finally, that we make every effort to inform and educate the voting public of their rights as a voter and also to reach out to all Americans to instruct them in the voting process.

The Board of Elections in the City of New York conducted 5 elections in 2024:

Special Election 3rd Congressional District – February 13, 2024

Early Voting Days: February 3 – February 11

Special Election 77th Assembly District – February 13, 2024

Early Voting Days: February 3 – February 11

Presidential Primary – April 2, 2024

Early Voting Days: March 23 – March 30

Primary Election – June 25, 2024

Early Voting Days: June 15 – June 23

General Election – November 5, 2024

Early Voting Days: October 26 – November 3

Communications

One of the Board's top priorities is to ensure that every Election Day is implemented as smoothly as possible. The Board continued its education efforts in 2024 with a public education campaign integrating traditional and digital media focused on upcoming elections, early voting, early mail ballots—a new voting method in addition to a poll worker recruitment campaign across all five boroughs.

Mailings: The Board added a second citywide mailing in the fall to all registered voters personalized with early voting and election day poll sites. The Fast Pass Tag along with a digital wallet version was included. A total of **634,976** voters utilized a fast pass tag method.

Print Publications: The Board published ads in all citywide newspapers, local community-based newspapers, and required language publications—English, Spanish, Chinese, Korean and Bengali.

Digital: The Board launched digital campaigns across several platforms including subway, bus, radio, newspaper and television in all required languages—English, Spanish, Chinese, Korean and Bengali garnering **23 million** impressions and over **3.6 million** video views.

Social media: The Board utilized its social media channels to respond to voter inquiries and amplify public education campaigns.

Out of Home Advertisements: The Board placed public education messaging throughout all New York City kiosks delivering **7,412,990 million** impressions and **1,799,777** million plays.

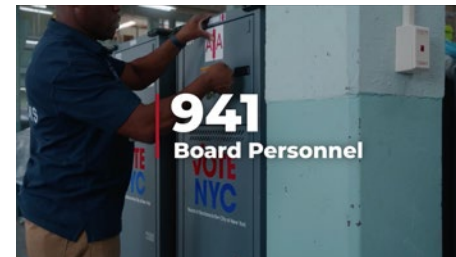

Website: The Board's website received a total of **6,875,026** clicks with **4,380,836** voters visiting our poll site locator to find their assigned early voting or election day poll sites. The Board introduced an election day wait time map to assist voters with their voting plan, receiving a total of **163,305** clicks combined with the early voting wait time map.

Collateral Materials: The Board created educational posters and palm cards for distribution by community groups, elected officials, libraries, post offices and good government groups.

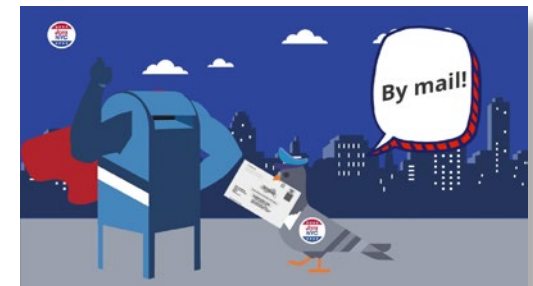

We continued our successful sticker campaign at the poll sites with the availability of "I Voted Early", "I Voted" and "Future Voter" stickers. We showcased a new sticker design for the Presidential General Election including the popular Halloween-themed "I Voted" sticker. Building on the popularity of stickers, we introduced a Battle of the Boroughs campaign for the last weekend of early voting with Borough Specific "I Voted Early" stickers.

Public Service Announcements: The Board found informational videos were a helpful tool used to educate the public. The following videos were created and shared on various platforms and the Board's website.

The CS Department is comprised of three components: (1) Inbound Call Center; (2) Reception Counter; and (3) Online Inquiry. The department accommodates any requests and is operational throughout the year. CS provides language support in English, Spanish, Cantonese, Mandarin, Korean, Bengali, Hindi, and Punjabi. CS handles a diverse range of calls, e-mails, online chat requests, and in-person inquiries. These include requests concerning anything from a voter's registration status or poll site location, to information about the Poll Site Voting System. In addition, the Department also supports field staff and poll workers in tracking and resolving incidents that occur at the poll sites during an election.

Voting Equipment Operations Unit / Poll Site Management

Each Voting Machine Facility (VMF) prepared and deployed all the equipment required for the Special Elections on February 13th 2024 in the Bronx and Queens (77th Assembly District and the 3rd Congressional District), April 2nd Presidential Primary Election, June 25th 2024 Primary Election, and the November 5th 2024 General Election as follows:

Election Events	DS200 Scanners	Ballot Marking Device	ED Transportation Carts	Privacy Booths	E-Poll Books/BOD
Special Elections 77th Assembly District & 3rd Congressional – February 13, 2024	170	59	144	613	364
Presidential Primary Election – April 2nd, 2024	3,871	1,517	4,295	12,768	6,896
Primary Election – June 25th, 2024	2,740	1,126	3,128	7,832	4,949
General Election – November 5th, 2024	4,565	7,614	4,415	18,703	7,614
Totals:	11,346	10,316	11,982	39,916	19,823

Voting Equipment Operations Unit / Poll Site Management Cont'd

During 2024 Election cycle, the VMF staff with the assistance of ES&S and KNOWINK technicians addressed equipment problems on Elections within an average of 15 to 60 minutes. The Board of Elections received calls and replaced on Election Days the following Scanners and Ballot Marking Devices:

Election Events	DS 200 Scanners			Ballot Marking Devices		
	Incident Calls	Replaced		Incident Calls	Replaced	
		Number	Percentage		Number	Percentage
Special Elections 77th Assembly District & 3rd Congressional – February 13, 2024	9	1	0.62%	1	0	0%
Presidential Primary Election – April 2nd, 2024	320	29	0.74%	94	7	0.46%
Primary Election – June 25th, 2024	226	26	0.94%	74	15	1.33%
General Election – November 5th, 2024	1,397	72	1.50%	759	58	3.70%

Note: Every poll site received at least one Ballot Marking Device (AutoMARK) and two DS200 scanners.

In addition, the Board of Elections received and documented the following Election Day calls:

Election Events	Poll Site	Poll Workers	Supplies	Procedure Question	ED Supply Carts	E-Poll Book
Special Elections 77th Assembly District & 3rd Congressional – February 13, 2024	5	0	20	0	0	1
Presidential Primary Election – April 2nd, 2024	225	306	423	30	19	70
Primary Election – June 25th, 2024	225	192	266	13	19	35
General Election – November 5th, 2024	255	880	1,706	42	26	169
Totals:	710	1,378	2,415	85	64	275

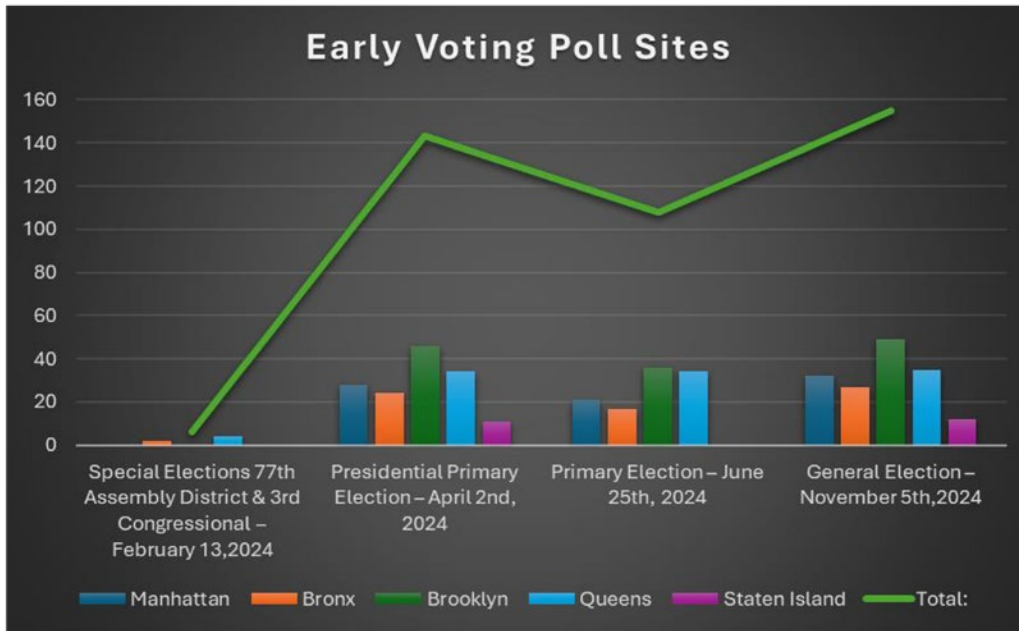

Voting Equipment Operations Unit / Poll Site Management Cont'd

The 2024 VEOU-Poll Site Division accomplishments include:

- Collaborated closely with the ADA unit to implement comprehensive measures aimed at enhancing the accessibility of polling sites. This encompassed not only the physical aspects, such as paths of travel, entrances, exits, but also the usability of voting areas for individuals with disabilities.
- Conducted thorough assessments to ensure that each polling site met the necessary criteria, including sufficient square footage, highly visible accessible entrances, and a technologically robust and reliable environment. Developed detailed schematics and floor plans to strategically position Election equipment for optimal accessibility and functionality.
- Took a proactive approach to address potential challenges by overseeing the strategic deployment of generators at 155 early voting poll sites. Specifically, 68 of these sites were equipped with generators to meet increased electrical demands resulting from the continuous operation of critical components such as ballot on-demand stations, E-poll Books, and cradle points.

This multifaceted approach aimed to create an inclusive and efficient voting environment, ensuring that individuals with disabilities had equal access while also addressing operational needs for a seamless electoral process.

Electronic Voting Systems Department (EVS)

“The mission of the Electronic Voting Systems Department (EVS) is to administer and support the Board’s computerized voting systems during pre- and postelection activities conducted in each of the five counties in the City of New York.”

The Board’s computerized voting systems administered and supported by the EVS Department include the Central Scanning and Tabulation System for Absentee, Military, Federal, Presidential and Affidavit ballots; the Election Management System for ballot marking devices (BMD); the Poll Site Voting System (PVS) used at the poll sites on Election Day and during Early Voting; and the automated audit system used during the recanvass of elections; the Ranked Choice Voting (RCV) Software. EVS prepares these systems by populating them with the data needed for each election. EVS also works with the system providers to ensure all systems meet the unique requirements of the New York City Election process.

EVS provides assistance and support during pre- and postelection activities in each county. These activities include:

- Testing the Poll Site Voting System; and the Central Scanning and Tabulation System for Absentee, Military, Federal, Presidential and Affidavit ballots
- Writing the portable memory devices (PMD) with the specific data parameters required for each election
- Reading the PMDs that contain the results from each of the Poll Site Voting System scanners
- Recanvassing election results
- Canvassing ballots for write-in votes
- Auditing the Poll Site Voting System results
- Auditing the Central Scanning and Tabulation System for paper ballots
- Canvassing Absentee, Military, Federal, Presidential and Affidavit ballots
- Tabulating the Ranked Choice Voting results

The Board was scheduled to conduct three elections in the year 2024: A Special Election, April Presidential Primary, June Primary Election, and November General Election.

The Poll Site Voting System (PVS), the ballot marking devices (BMD), and the Central Scanning and Tabulation System for Absentee, Military, and Affidavit ballots were used in all 2024 elections. The automated audit system was used in all the 2024 Elections. Implementation of the automated audit has helped significantly by eliminating the requirement of having staff count thousands of ballots and contests manually.

UNOFFICIAL ELECTION NIGHT RESULTS REPORTING

After the close of polls on the last day of early voting, poll site coordinators used tablets to transmit the unofficial election results from all active early voting poll sites. The unofficial results on the portable memory devices (PMDs) were read into tablets. The tablets transmitted those unofficial election results to the secure file transfer protocol (SFTP) servers at the General Office.

In addition, the PMDs were transferred to the Police Precincts or Voting Machine Facilities (VMFs). Bipartisan teams of Board personnel read the PMDs into Election Night Results (ENR) tablets or workstations. The second reading of the PMDs ensures that unofficial election results are sent to the General Office if a PMD was not read at the early voting poll site.

On the Monday before the Election, Board Staff used the ENR workstations to transmit the unofficial absentee results from each borough. The unofficial absentee results on the PMDs were read into the ENR workstations. The ENR workstations transmitted those unofficial absentee results to the SFTP servers at the General Office.

On Election Night, poll site coordinators used tablets to transmit the unofficial election results from all active poll sites. The unofficial results on the PMDs were read into tablets. The tablets transmitted those unofficial election results to the SFTP servers at the General Office.

In addition, the PMDs were transferred to the Police Precincts. Bipartisan teams of Board personnel read the PMDs into ENR tablets. The second reading of the PMDs ensures that unofficial election results are sent to the General Office if a PMD was not read at the poll site.

After 9 pm on Election Night, Election Reporting Manager (ERM) servers at the General Office read the unofficial results from the SFTP servers. In periodic intervals during election night, the unofficial results were electronically transferred to the Board’s website, the State Board of Elections, the Board’s S-Elect system, and to the media.

DIFFERENCE AND MARGIN OF ERROR BETWEEN THE UNOFFICIAL ELECTION NIGHT RESULTS (ENR) AND THE RECANVASSED RESULTS*

General Election

Average difference between the ENR and Recanvassed results: 0.52%

June Primary Election

Average difference between the ENR and Recanvassed results: 1.21%

Presidential Primary Election

Average difference between the ENR and Recanvassed results: 1.37%

Special Election

Average difference between the ENR and Recanvassed results: 0.09%

For a breakdown of the use of the ENR Tablets for obtaining unofficial election night results, please see **Figures 1 and 2.**

*(0% represents a perfect match between the ENR and Recanvassed results.)

Electronic Voting Systems Department (EVS) Cont'd

EARLY VOTING IN NEW YORK CITY

Every election in 2024 included Early Voting. EVS developed Early Voting ENR based on existing best practices. Modifications were made to address unique criteria pertaining to Early Voting:

- Polls close two nights before Election Day
- Results are not reported until Election Night
- Having Board staff capture the PMD reading to obtain 100% upload of Early Voting PMDs

UNOFFICIAL ELECTION NIGHT RESULTS WEBSITE

The Board published unofficial Election Night Results (ENR) on its website for all elections in 2024. EVS developed the ENR website to work in tandem with the ENR reporting process. The Board electronically updated this website at periodic intervals, making the latest unofficial election night results available for public viewing.

The ENR website was viewed on each election night after the closing of the polls (from 9 pm to 9 am the next morning) as follows:

Election	Number of views
General Election	1,022,241
June Primary	826,192
Presidential Primary	121,913
Special Election	202,236

See **Figure 3** for an illustration of the number of views the ENR website received on election night.

ARCHIVAL OF PORTABLE MEMORY DEVICE (PMD) DATA

With Board approval, EVS made it possible to reuse portable memory devices (PMD) prior to the two year maturity date required by *Election law §3-222. Preservation of Ballots and Records of Voting Machines*. To achieve this goal, EVS developed and implemented a strategy to retrieve data from PMDs used in an election or testing and stored the data on a dedicated server. The server maintains the data retrieved from the PMDs for the mandated two year timeframe, and the PMDs are prepared for use in the next election. To accomplish this task, EVS developed the software used to extract the data from the PMDs. EVS also developed detailed procedures and tracking materials to use in conjunction with this software. Those procedures are being revised to meet evolving needs since its implementation in 2012, and to provide more efficiency within those tasks.

Teams of bipartisan personnel completed this work in each of the five counties using the software, procedures and tracking materials provided by EVS. EVS provided onsite guidance and support throughout the entire archival process.

EVS PROCEDURES

EVS is responsible for several departmental procedures that impact the canvassing of elections. This year, EVS implemented updates to the canvass procedures due to changes in Election Law.

BALLOTS

For all of the 2024 Elections combined, about 3,301,000 ballots were cast in the City of New York. About 473,000 were Absentee, Military, Federal, and Affidavit ballots that were either processed by the Central Scanning and Tabulation System or manually tabulated. In addition, more than 2,828,000 paper ballots were cast at poll sites, scanned and tabulated by the Poll Site Voting System (PVS). See **Figure 4** for an illustration of the ballots cast in 2024.

EVS continues to explore and develop innovative ways to improve the Board's computerized voting systems and enhance the voting experience for the City of New York. Please see **Figure 5** for a historic perspective of the mechanical and electronic voting systems used since the founding of the Board of Elections in the City of New York.

Candidate Records Unit

The Candidate Records Unit (CRU) of the Board of Elections in the City of New York is responsible for the receiving, recording, processing and tracking of all candidates and objector document filings as well as proofing of candidate names that achieve ballot status for Primary, General and Special Election Events. The CRU staff maintains accurate

candidate status on all these items in order to ensure an accurate ballot. The staff prepares, reviews, updates and corrects errors identified on all reports that feed the proofs of voting machine and paper (absentee, military, Ballot Marking Device, and standby emergency) ballots.

ADA Unit

The Board of Elections in the City of New York (BOE) conducts honest and fair elections for all registered voters, including voters with disabilities. The Americans with Disabilities Act (ADA) Unit is responsible for ensuring the BOE, as a government agency and employer, complies with the ADA and that voters with disabilities are able to vote privately and independently.

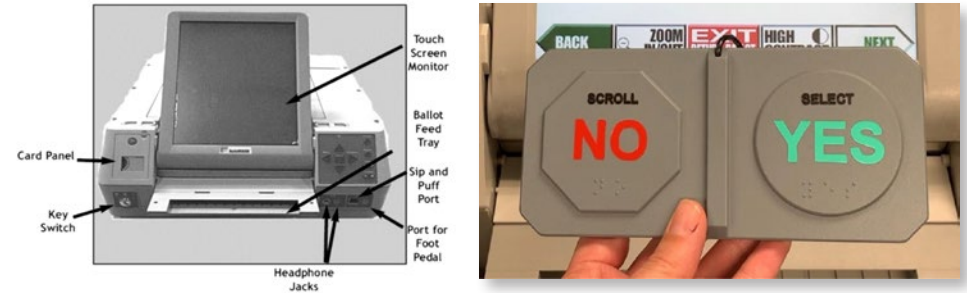

POLL SITE ACCESSIBILITY

The ADA Unit ensures poll sites throughout the five boroughs are accessible to all voters on Election Day and throughout Early Voting. Nearly all poll sites require some form of temporary accessibility equipment, ranging from simple mats and cones to complicated ramping systems. Mats may cover unsafe walking conditions, cones alert voters with visual impairments of protruding objects, and ramps provide access to voters who cannot use the stairs. Site-specific ADA temporary equipment is continuously reevaluated because the conditions of poll sites often shift between elections.

In addition to site-specific ADA temporary equipment, every poll site in New York City has at least one Ballot Marking Device (BMD). The BMD is a machine that helps voters mark their ballot. It is popular among voters with visual impairments, physical impairments that prevent them from holding a pen, and voters with print disabilities that cause difficulty reading or understanding the ballot. When using the BMD, voters can hear the ballot read to them in all the languages on the ballot. Other accessible and adaptive features of the BMD include:

- Touchscreen & keypad with Braille
- Audio assistance in languages on the ballot
- High contrast
- Zoom for text enlargement
- Sip-n-puff
- Rocker paddle

For more information about the Ballot Marking Device used in NYC:
<https://vote.nyc/page/ballot-marking-device>

In addition to at least one BMD, every poll site also has a lower and wider privacy booth called the ADA Privacy Booth, as well as other aids such as magnifying glasses and touchless hand sanitizer dispensers. All poll sites are staffed with ADA-focused poll workers called Accessibility Clerks, who assist voters with disabilities as needed.

Throughout 2024, the ADA Unit immediately responded to unexpected accessibility barriers reported by poll workers, voters, and various disability rights organizations throughout the duration of each election event. ADA Monitoring Teams were also deployed to assess ADA compliance and provide quick and safe solutions to any accessibility incidents.

After each election event, the ADA Unit analyzed all data entered into the ADA Checklist, poll site coordinators' journals, and incidents entered through Call Center to compile a comprehensive report of all accessibility incidents that occurred on Election Day and throughout Early Voting. The ADA Unit worked closely with Poll Site Surveyors, VEOU, and Ramp Unit to rectify each issue prior to subsequent elections.

POLL SITE SURVEYS

To ensure voters with disabilities can access their poll sites, the ADA Unit continued its critical work of collaborating with the VEOU and Ramp Units to ensure all poll sites are ADA compliant on Election Day and throughout Early Voting. Throughout 2023 and 2024, the ADA Unit oversaw an aggressive goal of resurveying every poll site before the November 2024 General Election. This goal was achieved through the dedication and professionalism of the borough poll site surveyors. The ADA Unit supported the BOE borough poll site surveyors by reviewing and approving 46 new and 342 resurveys in 2024.

Borough	New Surveys	Resurvey Surveys	Total
Bronx	5	35	40
Manhattan	14	21	35
Brooklyn	12	227	239
Queens	13	52	65
Staten Island	2	7	9
Total	46	342	388

Resurveys often reveal substantial changes in the conditions of the poll site. For example, recently erected scaffolding interfered with the head clearance of the temporary ramp and several poll sites. Through coordination with other city agencies, the ADA Unit was able to ensure the scaffolding was raised so that the BOE could make the poll site temporarily ADA-compliant. The ADA Unit provided on-site support to Poll Site Surveyors throughout 2024 and joined them in the field as needed.

ACCESSIBLE BALLOTS

In addition to voting via absentee ballot, New Yorkers can now vote via early mail ballot. Both the absentee and early mail ballots are paper ballots that are mailed to the voter, who then marks their choices with a pen and returns it to the Board of Elections. However, some voters with print disabilities may be unable to complete this process privately and independently. Therefore, the ADA Unit distributed an electronic version of the ballot called the accessible ballot to eligible voters with a print disability. Print disabilities include blindness, low vision, dyslexia, dysgraphia, learning disabilities, and physical disabilities that limit writing abilities. Eligible voters with disabilities who requested the accessible ballot used their personal adaptive technology to mark and print their accessible ballot at home or elsewhere.

DATA ON THE ACCESSIBLE BALLOTS

	Voter Applied for AB	Voters Received AB	Voters Returned AB
Special Election 77th AD (2/13/24)	2	1	0
Presidential Primary Election (4/2/24)	122	122	46
Primary Election (6/25/24)	80	80	28
General Election (11/5/24)	777	777	390

POLL WORKER & VOTER ACCOMMODATIONS

Per the Americans with Disabilities Act, the BOE provides reasonable accommodations to poll workers with disabilities to perform tasks that are essential to their position. The ADA Unit facilitated American Sign Language (ASL) interpretation for nine Deaf poll workers during 2024, including one poll site coordinator. The ADA Unit also provided guidance and support to the Borough Offices regarding voters' right to service animals.

For the Presidential General Election, the ADA Unit implemented a city-wide program of virtual remote interpretation for Deaf voters who use ASL. The ADA Unit has previously provided in-person ASL interpretation to voters who requested the service with adequate advance notice. Although in-person interpreting is the highest standard of ASL, it is difficult to find ASL interpreters willing to travel to poll sites for such a small window of time. Therefore, the ADA Unit used Video Remote Interpretation (VRI) to supplement this service. VRI is a video conference service which provides virtual interpretation through a phone or tablet.

The ADA Unit was prepared to attempt to secure in-person ASL interpretation when possible, and VRI when in-person interpretation is not feasible. However, despite advertising this service in multiple Deaf-specific venues as well as on our website, no voters requested sign language interpretation in advance at any Early Voting or Election Day poll sites. A few Deaf voters required ASL but happened to be assigned to poll sites where Deaf poll workers were also assigned, so voters and poll workers were able to communicate effectively through the poll worker's ASL interpreters.

ALTERNATE FORMATS OF BALLOT PROPOSAL ABSTRACTS

The November 2024 ballot had one proposal to amend the NYS Constitution and five questions regarding amendments to the NYC Charter. Because the proposal and questions are on the ballot, the Ballot Marking Device provides an audio alternative of the text. Every poll site is issued a booklet of ballot proposals abstracts, which describes the proposals in further detail.

In order to provide an alternative format of these abstracts for voters with print disabilities (e.g., blindness or low vision, dyslexia), the BOE posted the abstracts on our website: <https://www.vote.nyc/page/proposition-abstract> and created a QR code to that specific webpage. The QR code was printed on the inside cover of the booklet, so that voters at the poll site could use their phones to listen to the abstract via screen reader.

The BOE also created an audio file for these propositions. If voters dialed (212) 487-2313 they could hear the six abstracts in all covered languages: English, Spanish, Chinese (Mandarin and Cantonese), Korean, and Bengali.

ACCESSIBLE VOTING ADVISORY COMMITTEE (AVAC)

The Board of Elections in the City of New York's Accessible Voting Advisory Committee (AVAC) continued its important work throughout 2024. AVAC is comprised of relevant staff from the NYC Board of Elections and members of the public, with the goal to advise the NYC Board of Elections on accessibility issues in the electoral process. Members of AVAC come from all five boroughs and represent a wide range of disabilities. AVAC met quarterly throughout 2024 to discuss how to continuously improve the electoral process for voters with disabilities. AVAC also serves as a mechanism through which the BOE can communicate with the disability community regarding changes to the NYS Election Law and how those changes might affect voters with disabilities.

EDUCATION AND OUTREACH

Throughout 2024, the ADA Unit was invited to speak at dozens of events hosted by disability advocacy organizations in advance of the 2024 Presidential General Election. These events were hosted by various groups including the Staten Island Center for Independent Living, Deaf Wellness and Recreation Center, Andrew Heiskell Braille and Talking Book Library, and the Mayor's Office of Persons with Disabilities. In coordination with the Lighthouse Guild, we also provided a lecture and hands-on demonstration of the BMD and accessible absentee ballot for voters with visual impairments in August 2024.

In addition to these voter outreach events, ADA Coordinators Ariel Merkel and Sean Gerlis were honored to present on "Voting Accessibility" at the National ADA Symposium in Minneapolis, Minnesota in June 2024.

CONCLUSION

The ADA Unit promotes inclusive practices and ensures all BOE environments are accessible. In addition to providing accessible ballots and poll sites, the ADA Unit provides sign language interpretation for BOE public meetings and hearings upon request. BOE employees and poll workers also receive appropriate workplace accommodations to maintain top-quality performance. The Board of Elections is an Equal Opportunity Employer. We encourage all qualified applicants to apply to serve as poll workers!
