The Board is headed by ten Commissioners, two from each borough representing both major political parties for a term of four years appointed by the New York City Council

Board of Elections The City of New York

Introduction

Using your Smartphone, download a FREE QR Reader. Once downloaded, open the application and click the QR code to discover the Board's website.

...A similar bipartisan arrangement of over 900 dedicated employees ensures that no one party controls the Board of Elections. The Board appoints an executive staff consisting of an Executive Director, Deputy Executive Director and other senior staff managers charged with the responsibility to oversee the operations of the Board on a daily basis. Together, the executive and support staffs provide a wide range of electoral services to residents in Manhattan, the Bronx, Brooklyn, Queens and Staten Island.

The Commissioners of Elections meet every Tuesday at the Executive Office, in addition to special hearings, and specific issue-oriented meetings (electronic voting, election legislation, labor management, rules and budget) during the calendar year.

In this Annual Report of the Board of Elections in the City of New York, we reflect on 2025 with profound pride in the strength, resilience, and vitality of our city's democracy.

The year's defining achievement was the November general election for Mayor, which saw a historic turnout of more than two million voters—the highest participation in a mayoral election in over half a century, dating back to 1969.

This extraordinary level of engagement underscores the deep commitment of New Yorkers to civic participation and to the democratic process itself.

Such success would not have been possible without the tireless efforts and unwavering dedication of the Board of Elections staff. From preparing poll sites and administering early voting to counting ballots and safeguarding accuracy, accessibility, and integrity, our employees worked with exceptional professionalism to ensure free and fair elections for all.

As we look ahead to 2026, we do so with anticipation of another pivotal election cycle, when voters will elect members of the New York State Legislature, the Governor, and the state's full congressional delegation. These contests will provide New Yorkers with further opportunities to shape the future of our city, state, and nation.

Thank you for your continued trust in the democratic process. Together, we remain committed to making New York City's elections a national model of accessibility, transparency, and inclusivity.

Mission Statement

The Board of Elections in the City of New York,

as provided under Section 3-200 of the New York State Election Law, has the responsibility:

1. To conduct fair and honest elections, from local to federal levels;
2. To enfranchise all eligible New Yorkers to register to vote and to practice those rights;
3. To conduct elections, certify the canvass and to retain the official records;
4. To conduct voter outreach and education.

Briefly stated, this means:

First, the preparation of the ballot for Primary, Special and General Elections to the extent that all vacancies for public office and party positions may be filled.

Second, that qualified voters may exercise their right to franchise and that every opportunity be given to voters to execute that right and to vote for whom they choose.

Third, that the votes of the electorate at Primary, Special and General Elections be properly canvassed and that a true count be given for each candidate voted for.

Finally, that we make every effort to inform and educate the voting public of their rights as a voter and also to reach out to all Americans to instruct them in the voting process.

The Board of Elections in the City of New York conducted 5 elections in 2025:

Special Election 44th Council District – March 25, 2025

Early Voting Days: March 15 – March 23

Special Election 51st Council District – April 29, 2025

Early Voting Days: April 21 – April 27

Special Election 22nd Senate District – May 20, 2025

Early Voting Days: May 10 – May 18

Primary Election – June 24, 2025

Early Voting Days: June 14 – June 22

General Election – November 4, 2025

Early Voting Days: October 25 – November 2

Communications

One of the Board's top priorities is to ensure that every Election Day is implemented as smoothly as possible. The Board continued its education efforts in 2025 with a public education campaign integrating traditional and digital media focused on upcoming elections, early voting, and early mail ballots across all five boroughs.

Mailings: The Board added a second citywide mailing in the fall to all registered voters personalized with early voting and election day poll sites. The Fast Pass Tag along with a digital wallet version was included. A total of **593,372** voters utilized a fast pass tag method.

Print Publications: The Board published ads in citywide newspapers, local community-based newspapers, and required language publications – English, Spanish, Chinese, Korean, and Bengali delivering **5,996,589** impressions.

Radio: The Board launched a comprehensive radio strategy for the November general election in both 15 and 30 second spots in all required languages, garnering **33 million** impressions.

Digital: The Board launched digital campaigns across several platforms including subway, bus, ferry, radio, newspaper and television in all required languages – English, Spanish, Chinese, Korean and Bengali garnering **22,087,906** impressions and over **3 million** video views.

Social Media: The Board utilized its social media channels including Facebook, Instagram, X and Snapchat garnering **11.7 million** impressions and **2,261** total engagements including replies, comments, reactions and shares.

Out of Home Advertisements: The Board placed public education messaging throughout all five boroughs, including static and digital displays in subways, ferries, retail locations and Link NYC kiosks. These placements delivered **72,666,583** impressions in all required languages, with the addition of Tagalog and Urdu.

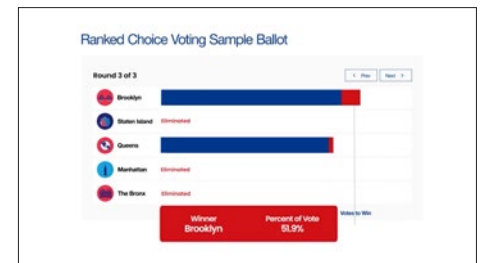

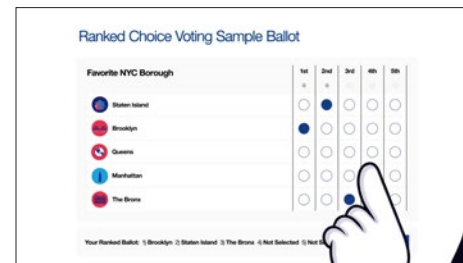

Website: The Board's website received a total of **8,710,911** clicks with **4,596,973** voters visiting our poll site locator to find their assigned early voting or election day poll sites. The election day wait time map, combined with the early voting wait time map, received a total of **287,442** clicks.

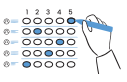

Collateral Materials: The Board created educational posters and palm cards for distribution by community groups, elected officials, libraries, post offices and good government groups.

We continued offering the "I Voted" and "Future Voter" stickers and once again featured the highly popular Halloween-themed "I Voted" sticker – which this year was also produced as a temporary tattoo for children, further enhancing the voter experience. Building on the strong response to our borough specific "I Voted Early" stickers, we expanded their availability to every day of early voting rather than limiting them to the final weekend. To celebrate that final weekend, we also introduced borough-specific temporary tattoos, which were met with exceptional enthusiasm.

Public Service Announcements: The Board found informational videos were a helpful tool used to educate the public. The following videos were created and shared on various platforms and the Board's website.

The CS Department is comprised of three components: (1) Inbound Call Center; (2) Reception Counter; and (3) Online Inquiry. The department accommodates any requests and is operational throughout the year. CS provides language support in English, Spanish, Cantonese, Mandarin, Korean, Bengali, Hindi, and Punjabi. CS handles a diverse range of calls, e-mails, online chat requests, and in-person inquiries. These include requests concerning anything from a voter's registration status or poll site location, to information about the Poll Site Voting System. In addition, the Department also supports field staff and poll workers in tracking and resolving incidents that occur at the poll sites during an election.

Voting Equipment Operations Unit / Poll Site Management

Each Voting Machine Facility (VMF) prepared and deployed all the equipment required for the March 25th, 2025 (44th Council District) Special Elections in Brooklyn, April 29th, 2025 (51st Council District) in Staten Island, May 20th, 2025 (22nd Senate) in Brooklyn, June 24th 2025 Primary Election, and the November 4th, 2025, General Election as follows:

Election Events	DS200 Scanners	Ballot Marking Devices (BMD)	ED Transportation Carts	Privacy Booths	E-Poll Books/BOD
Special Election 44th Council District – March 25, 2025	84	35	67	284	122
Special Election 51st Council District – April 29, 2025	111	34	92	365	161
Special Election 22nd Senate – May 20, 2025	173	77	135	519	254
Primary Election – June 24th, 2025	4,011	1,537	4,339	13,437	7,425
General Election – November 4th, 2025	4,743	1,544	4,346	15,521	7,561
Totals:	9,122	3,227	8,979	30,126	15,523

Voting Equipment Operations Unit / Poll Site Management Cont'd

During 2025 Election cycle, the VMF staff with the assistance of ES&S and KNOWINK technicians addressed equipment problems on Elections within an average of 15 to 60 minutes. The Board of Elections received calls and replaced on Election Days the following Scanners and Ballot Marking Devices:

Election Events	DS 200 Scanners			Ballot Marking Devices		
	Incident Calls	Replaced		Incident Calls	Replaced	
		Number	Percentage		Number	Percentage
Special Election 44th Council District – March 25, 2025	2	1	1.10%	2	0	0.00%
Special Election 51st Council District – April 29, 2025	7	0	0.00%	2	0	0.00%
Special Election 22nd Senate – May 20, 2025	2	0	0.00%	5	0	0.00%
Primary Election – June 24th, 2025	534	45	1.12%	298	24	1.56%
General Election – November 4th, 2025	659	74	1.56%	375	34	2.20%

Note: Every poll site received at least one Ballot Marking Device (AutoMARK) and two DS200 scanners.

In addition, the Board of Elections received and documented the following Election Day calls:

Election Events	Poll Site	Poll Workers	Supplies	Procedure Question	ED Supply Carts	E-Poll Book
Special Election 44th Council District – March 25, 2025	9	2	12	0	2	0
Special Election 51st Council District – April 29, 2025	1	5	13	0	0	0
Special Election 22nd Senate – May 20, 2025	8	3	27	1	2	3
Primary Election – June 24th, 2025	673	598	987	20	37	158
General Election – November 4th, 2025	294	465	1,678	16	45	212
Totals:	985	1,073	2,717	37	86	373

Early Voting Poll Sites

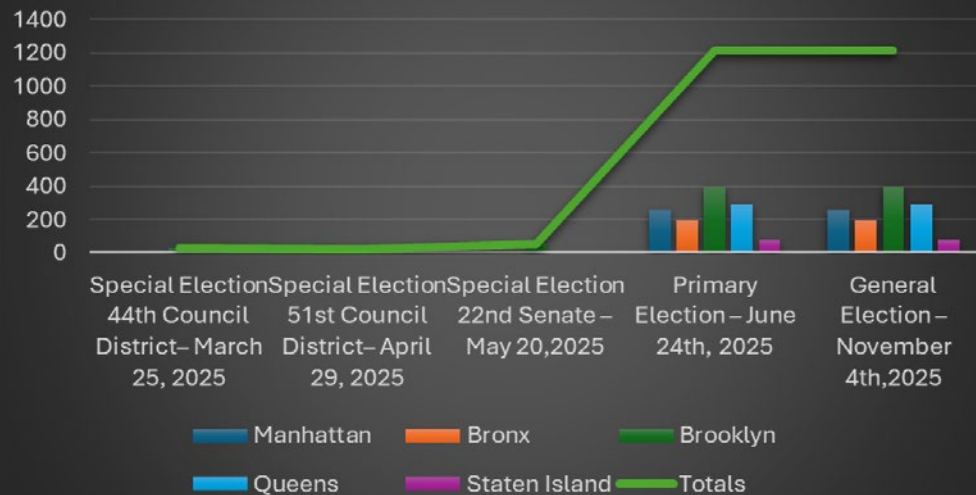

The 2025 VEOU-Poll Site Division accomplishments include:

- Ensured all poll sites have proper lease agreements in place for the 2025 election cycle.
- Coordinated with various agencies and institutions (NYCHA, NYC Public Schools, CUNY, etc.) on election logistics, equipment deliveries, and overall poll site readiness.
- Collaborated closely with the ADA unit to implement comprehensive measures aimed at enhancing the accessibility of polling sites. This encompassed not only the physical aspects, such as paths of travel, entrances, exits, but also the usability of voting areas for individuals with disabilities.
- Conducted thorough assessments to ensure that each polling site met the necessary criteria, including sufficient square footage, highly visible accessible entrances, and a technologically robust and reliable environment. Developed detailed schematics and floor plans to strategically position Election equipment for optimal accessibility and functionalities
- Took a proactive approach to address potential challenges by overseeing the strategic deployment of generators at 156 early voting poll sites. Specifically, 69 of these sites were equipped with generators to meet increased electrical demand resulting from the continuous operation of critical components such as ballot on-demand stations, E-poll Books, and cradle points.

This multifaceted approach aimed to create an inclusive and efficient voting environment, ensuring that individuals with disabilities had equal access while also addressing operational needs for a seamless electoral process.

Election Day Poll Sites

Electronic Voting Systems Department (EVS)

"The mission of the Electronic Voting Systems Department (EVS) is to administer and support the Board's computerized voting systems during pre- and postelection activities conducted in each of the five counties in the City of New York."

The Board's computerized voting systems administered and supported by the EVS Department include the Central Scanning and Tabulation System for Absentee, Military, Federal, Presidential and Affidavit ballots; the Election Management System for ballot marking devices (BMD); the Poll Site Voting System (PVS) used at the poll sites on Election Day and during Early Voting; and the automated audit system used during the recanvass of elections; the Ranked Choice Voting (RCV) Software. EVS prepares these systems by populating them with the data needed for each election. EVS also works with the system providers to ensure all systems meet the unique requirements of the New York City Election process.

EVS provides assistance and support during pre- and postelection activities in each county. These activities include:

- Testing the Poll Site Voting System; and the Central Scanning and Tabulation System for Absentee, Military, Federal, Presidential and Affidavit ballots
- Writing the portable memory devices (PMD) with the specific data parameters required for each election
- Reading the PMDs that contain the results from each of the Poll Site Voting System scanners
- Recanvassing election results
- Canvassing ballots for write-in votes
- Auditing the Poll Site Voting System results
- Auditing the Central Scanning and Tabulation System for paper ballots
- Canvassing Absentee, Military, Federal, Presidential and Affidavit ballots
- Tabulating the Ranked Choice Voting results

The Board was scheduled to conduct three elections in the year 2025: March, April and May Special Elections, June Primary Election, and November General Election.

The Poll Site Voting System (PVS), the ballot marking devices (BMD), and the Central Scanning and Tabulation System for Absentee, Military, and Affidavit ballots were used in all 2025 elections. The automated audit system was used in all the 2025 Elections.

UNOFFICIAL ELECTION NIGHT RESULTS REPORTING

On the Sunday before the Election, early voting poll site coordinators used tablets to transmit the unofficial election results from all active early voting poll sites. The

unofficial results on the portable memory devices (PMDs) were read into tablets. The tablets transmitted those unofficial election results to the secure file transfer protocol (SFTP) servers at the General Office.

In addition, the PMDs were transferred to the Police Precincts or Voting Machine Facilities (VMFs). Bipartisan teams of Board personnel read the PMDs into Election Night Results (ENR) tablets or workstations. The second reading of the PMDs ensures that unofficial election results are sent to the General Office if a PMD was not read at the early voting poll site.

On the Monday before the Election, Board Staff used the ENR workstations to transmit the unofficial absentee results from each borough. The unofficial absentee results on the PMDs were read into the ENR workstations. The ENR workstations transmitted those unofficial absentee results to the SFTP servers at the General Office.

On Election Night, poll site coordinators used tablets to transmit the unofficial election results from all active poll sites. The unofficial results on the PMDs were read into tablets. The tablets transmitted those unofficial election results to the SFTP servers at the General Office.

In addition, the PMDs were transferred to the Police Precincts. Bipartisan teams of Board personnel read the PMDs into ENR tablets. The second reading of the PMDs ensures that unofficial election results are sent to the General Office if a PMD was not read at the poll site.

After 9 pm on Election Night, Election Reporting Manager (ERM) servers at the General Office read the unofficial results from the SFTP servers. In periodic intervals during election night, the unofficial results were electronically transferred to the Board's website, the State Board of Elections, the Board's S-Elect system, and to the media.

DIFFERENCE AND MARGIN OF ERROR BETWEEN THE UNOFFICIAL ELECTION NIGHT RESULTS (ENR) AND THE RECANVASSED RESULTS*

General Election

Average difference between the ENR and Recanvassed results: 0.66%

June Primary Election

Average difference between the ENR and Recanvassed results: 2.59%

May Special Election

Average difference between the ENR and Recanvassed results: 0.01%

April Special Election

Average difference between the ENR and Recanvassed results: 0.02%

March Special Election

Average difference between the ENR and Recanvassed results: 0.00%

For a breakdown of the use of the ENR Tablets for obtaining unofficial election night results, please see **Figures 1 and 2.**

*(0% represents a perfect match between the ENR and Recanvassed results.)

Electronic Voting Systems Department (EVS) Cont'd

EARLY VOTING IN NEW YORK CITY

Every election in 2025 included Early Voting. EVS developed Early Voting ENR based on existing best practices. Modifications were made to address unique criteria pertaining to Early Voting:

- Polls close two nights before Election Day
- Results are not reported until Election Night
- Having Board staff capture the PMD reading to obtain 100% upload of Early Voting PMDs

UNOFFICIAL ELECTION NIGHT RESULTS WEBSITE

The Board published unofficial Election Night Results (ENR) on its website for all elections in 2025. EVS developed the ENR website to work in tandem with the ENR reporting process. The Board electronically updated this website at periodic intervals, making the latest unofficial election night results available for public viewing.

The ENR website was viewed on each election night after the closing of the polls (from 9 pm to 9 am the next morning) as follows:

Election	Number of views
General Election	2,718,387
June Primary	3,068,738
May Special	61,836
April Special Election	42,477
March Special Election	47,452

See **Figure 3** for an illustration of the number of views the ENR website received on election night.

ARCHIVAL OF PORTABLE MEMORY DEVICE (PMD) DATA

With Board approval, EVS made it possible to reuse portable memory devices (PMD) prior to the two year maturity date required by *Election law §3-222. Preservation of Ballots and Records of Voting Machines*. To achieve this goal, EVS developed and implemented a strategy to retrieve data from PMDs used in an election or testing and stored the data on a dedicated server. The server maintains the data retrieved from the PMDs for the mandated two-year timeframe, and the PMDs are prepared for use in the next election. To accomplish this task, EVS developed the software used to extract the data from the PMDs. EVS also developed detailed procedures and tracking materials to use in conjunction with this software. Those procedures are being revised to meet evolving needs since its implementation in 2012, and to provide more efficiency within those tasks.

Teams of bipartisan personnel completed this work in each of the five counties using the software, procedures and tracking materials provided by EVS. EVS provided onsite guidance and support throughout the entire archival process.

EVS PROCEDURES

EVS is responsible for several departmental procedures that impact the canvassing of elections. This year, EVS implemented updates to the canvass procedures due to changes in Election Law.

BALLOTS

For all of the 2025 Elections combined, about 3,362,000 ballots were cast in the City of New York. About 300,000 were Absentee, Military, Federal, and Affidavit ballots that were either processed by the Central Scanning and Tabulation System or manually tabulated. In addition, more than 3,062,000 paper ballots were cast at poll sites, scanned and tabulated by the Poll Site Voting System (PVS). See **Figure 4** for an illustration of the ballots cast in 2025.

EVS continues to explore and develop innovative ways to improve the Board's computerized voting systems and enhance the voting experience for the City of New York. Please see **Figure 5** for a historic perspective of the mechanical and electronic voting systems used since the founding of the Board of Elections in the City of New York.

Election Night Results: Portable Memory Device			
	Total PMDs Used	PMD Data Received	Percentage Received
March Special	86	85	98.84%
April Special	113	113	100.00%
May Special	170	170	100.00%
June Primary	4,068	3,909	96.09%

Candidate Records Unit

The Candidate Records Unit (CRU) of the Board of Elections in the City of New York is responsible for the receiving, recording, processing and tracking of all candidates and objector document filings as well as proofing of candidate names that achieve ballot status for Primary, General and Special Election Events. The CRU staff maintains accurate

candidate status on all these items in order to ensure an accurate ballot. The staff prepares, reviews, updates and corrects errors identified on all reports that feed the proofs of voting machine and paper (absentee, military, Ballot Marking Device, and standby emergency) ballots.

ADA Unit

The Board of Elections in the City of New York (BOE) conducts honest and fair elections for all registered voters, including voters with disabilities. The Americans with Disabilities Act (ADA) Unit is responsible for ensuring the BOE, as a government agency and employer, complies with the ADA and that voters with disabilities are able to vote privately and independently.

POLL SITE ACCESSIBILITY

The ADA Unit ensures poll sites throughout the five boroughs are accessible to all voters on Election Day and throughout early voting. Nearly all poll sites require some form of temporary accessibility equipment, ranging from simple mats and cones to complicated ramping systems. Mats may cover unsafe walking conditions, cones alert voters with visual impairments of protruding objects, and ramps provide access to voters who cannot use the stairs. Site-specific ADA temporary equipment is continuously reevaluated because the conditions of poll sites often shift between elections.

In addition to site-specific ADA temporary equipment, every poll site in New York City has at least one Ballot Marking Device (BMD). The BMD is a machine that helps voters mark their ballot. It is popular among voters with visual impairments, physical impairments that prevent them from holding a pen, and voters with print disabilities that cause difficulty reading or understanding the ballot. When using the BMD, voters can hear the ballot read to them in all the languages on the ballot. Other accessible and adaptive features of the BMD include:

- Touchscreen & keypad with Braille
- Audio assistance in languages on the ballot
- High contrast
- Zoom for text enlargement
- Sip-n-puff
- Rocker paddle

For more information about the Ballot Marking Device used in NYC:
<https://vote.nyc/page/ballot-marking-device>

In addition to at least one BMD, every poll site also has a lower and wider privacy booth called the ADA Privacy Booth, as well as other aids such as magnifying glasses and touchless hand sanitizer dispensers. All poll sites are staffed with ADA-focused poll workers called Accessibility Clerks, who are available to assist voters with accessibility tasks such as opening heavy doors.

Throughout 2025, the ADA Unit immediately responded to unexpected accessibility barriers reported by poll workers and voters throughout the duration of each election event. ADA Monitoring Teams were also deployed to assess ADA compliance and provide quick and safe solutions to any accessibility incidents.

After each election event, the ADA Unit analyzed all data entered into the ADA Checklist, poll site coordinators' journals, and incidents entered through Call Center to compile a comprehensive report of all accessibility incidents that occurred on Election Day and throughout early voting. The ADA Unit worked closely with Poll Site Surveyors, VEOU, and Ramp Unit to rectify each issue prior to subsequent elections.

POLL SITE SURVEYS

To ensure voters with disabilities can access their poll sites, the ADA Unit continued its critical work of collaborating with the VEOU and Ramp Units to ensure all poll sites are ADA compliant on Election Day and throughout early voting. Borough poll site surveyors assess potential new sites and also resurvey existing poll sites on a continuous basis. The ADA Unit supported the poll site surveyors by reviewing and approving 24 new and 375 resurveys in 2025.

Borough	New Surveys	Resurvey Surveys	Total
Bronx	1	40	41
Manhattan	4	196	200
Brooklyn	7	69	76
Queens	11	33	44
Staten Island	1	13	14
Total	24	351	375

Resurveys often reveal substantial changes in the conditions of the poll site. For example, recently erected scaffolding interfered with the head clearance of the temporary ramp and several poll sites. Through coordination with other city agencies, the ADA Unit was able to ensure the scaffolding was raised so that the BOE could make the poll site temporarily ADA-compliant. The ADA Unit provided on-site support to poll site surveyors throughout 2025 and joined them in the field as needed.

POLL SITE SURVEYOR TRAINING

In September 2025, the ADA Unit provided comprehensive training to 25 poll site surveyors and related staff from the BOE Borough Offices. This three-day training included lectures on the Americans with Disabilities Act and how it intersects with the electoral process and hands-on experience conducting poll site surveys. Poll site surveyors conducted interior and exterior surveys of a mock poll site. They practiced using the electronic survey application specifically designed for this purpose. Surveyors also had the opportunity to tour the BOE ramp warehouse to familiarize themselves with the various temporary ADA solutions that the BOE implements to bring poll sites into compliance. Lastly, poll site surveyors inspected temporary ramps that were purposefully installed incorrectly, in order to identify the errors and discuss appropriate resolutions. This training was a collaborative experience in which the surveyors learned from one another as well as from the ADA staff.

ACCESSIBLE BALLOTS

New Yorkers have several options to vote via mail. Absentee and early mail ballots are paper ballots that are mailed to the voter, who then marks their choices with a pen and returns it to the Board of Elections. However, some voters with print disabilities may be unable to complete this process privately and independently. Therefore, the ADA Unit distributed an electronic version of the ballot called the accessible ballot to eligible voters with a print disability. Print disabilities include blindness, low vision, dyslexia, dysgraphia, learning disabilities, and physical disabilities that limit writing abilities. Eligible voters with disabilities who requested the accessible ballot use their personal adaptive technology to mark and print their accessible ballot at home or elsewhere.

DATA ON THE ACCESSIBLE BALLOTS

	Voter Applied for AB	Voters Received AB	Voters Returned AB
Special Election 44th City Council District (3/25/25)	0	0	0
Special Election 51st City Council District (4/29/25)	1	1	1
Special Election 22nd NYS Senate District (5/20/25)	5	5	5
Primary Election (6/24/25)	134	134	65
General Election (11/4/25)	333	333	163

POLL WORKER & VOTER ACCOMMODATIONS

Per the Americans with Disabilities Act, the BOE provides reasonable accommodations to poll workers with disabilities to perform tasks that are essential to their position. The ADA Unit facilitated American Sign Language (ASL) interpretation for ten Deaf poll workers during 2025, including one poll site coordinator. The ADA Unit also provided guidance and support to the Borough Offices regarding voters' right to service animals.

The ADA Unit continued to implement a city-wide program of virtual remote interpretation (VRI) for Deaf voters who request ASL interpretation. Although in-person interpreting is the highest standard of ASL, it is difficult to find ASL interpreters willing to travel to poll sites for such a small window of time. Therefore, the BOE used VRI to supplement this service. VRI is a video conference service which provides virtual interpretation through a phone or tablet.

Although this service has been in effect for over a year, the November 2025 General Election was the first election in which Deaf voters requested ASL in advance. The ADA Unit received 6 requests for ASL accommodation from Deaf voters: one during early voting and five for election day. After attempting to secure in-person ASL interpretation, ADA monitoring team delivered tablets with VRI to the specific voters' poll sites, with instructions on how to operate the service. The poll site coordinator(s) launched the app on the tablet and received real-time connection with on-demand ASL VRI. Through this program, the BOE has provided Effective Communication under the ADA.

ALTERNATE FORMATS OF BALLOT PROPOSAL ABSTRACTS

The November 2025 ballot had one proposal to amend the NYS Constitution and five proposals to amend the NYC Charter. Because the proposals are on the ballot, the Ballot Marking Device provides an audio alternative to the text. Every poll site is issued a booklet of ballot proposals abstracts, which describes the proposals in further detail. In order to provide an alternative format of these abstracts for voters with print disabilities (e.g., blindness or low vision, dyslexia), the BOE created an audio file for these propositions. Voters could dial (212) 487-2313 to hear the six abstracts in all covered languages: English, Spanish, Chinese (Mandarin and Cantonese), Korean, and Bengali.

ACCESSIBLE VOTING ADVISORY COMMITTEE (AVAC)

The Board of Elections in the City of New York was excited to expand its Accessible Voting Advisory Committee (AVAC) to seven new members this year, following a competitive application process. AVAC is comprised of relevant staff from the NYC Board of Elections and members of the public, with the goal to advise the BOE on accessibility issues in the electoral process. Several members of AVAC are poll workers, including several poll site coordinators, who provide valuable feedback on their experience with poll worker training and working the polls. AVAC met quarterly throughout 2025 to discuss how to continuously improve the electoral process for voters with disabilities. AVAC also serves as a mechanism through which the BOE can communicate with the disability community.

EDUCATION AND OUTREACH

The ADA Unit was invited to speak at several events hosted by disability advocacy organizations throughout 2025. Prior to the June Primary Election, the ADA Unit provided presentations on how to navigate the rank choice voting ballot on the BMD and accessible ballot at the Andrew Heiskell Braille and Talking Book Library, as well as the Lighthouse Guild. The ADA Unit also participated in the annual NYC Disability Pride Festival in Central Park, and the Bronx Disability Pride Celebration, as well as the quarterly community calls hosted by the Mayor's Office of Persons with Disabilities.

CONCLUSION

The ADA Unit promotes inclusive practices and strives to ensure that all BOE environments are accessible. In addition to providing accessible ballots and poll sites, the ADA Unit provides sign language interpretation for BOE public meetings and hearings upon request. BOE employees and poll workers also receive appropriate workplace accommodations to maintain top-quality performance. We encourage all qualified applicants to apply to serve as poll workers!
