

INTENT TO ENTER INTO SOLE SOURCE NEGOTIATIONS

Description - BOE intends to enter into Sole Source negotiations with Clear Ballot Group Inc. located at Oliver Street 2nd Floor, Boston, MA 02109 to provide software, equipment and training to allow the BOE staff to conduct an automated auditing of DS200 Scanner ballots to comply with the 3% audit requirements of Section 9-211 (1) of the New York State Election Law. Any entity which believes that it can provide such services is invited to indicate such interest by email to Agency Chief Contracting Officer, Sherwin Suss at SSuss@boe.nyc.ny.us or you may also call me on 212 487 7290 before or on February 8th 2019.

Other Information - Pursuant to Section 3-05 (B) of the NYC Procurement Policy Board Rules, the ACCO has made a determination that a Sole Source Procurement is justified due to fact that under New York State election Law Section 7-200 (1) the local Boards of Election can only use voting systems that are approved by the State Board of Elections. On April 5, 2018, the State Board did approve the Clear Ballot Count System for use as an automated audit tool. There are currently no other automated audit tool systems approved by the State Board of Elections
